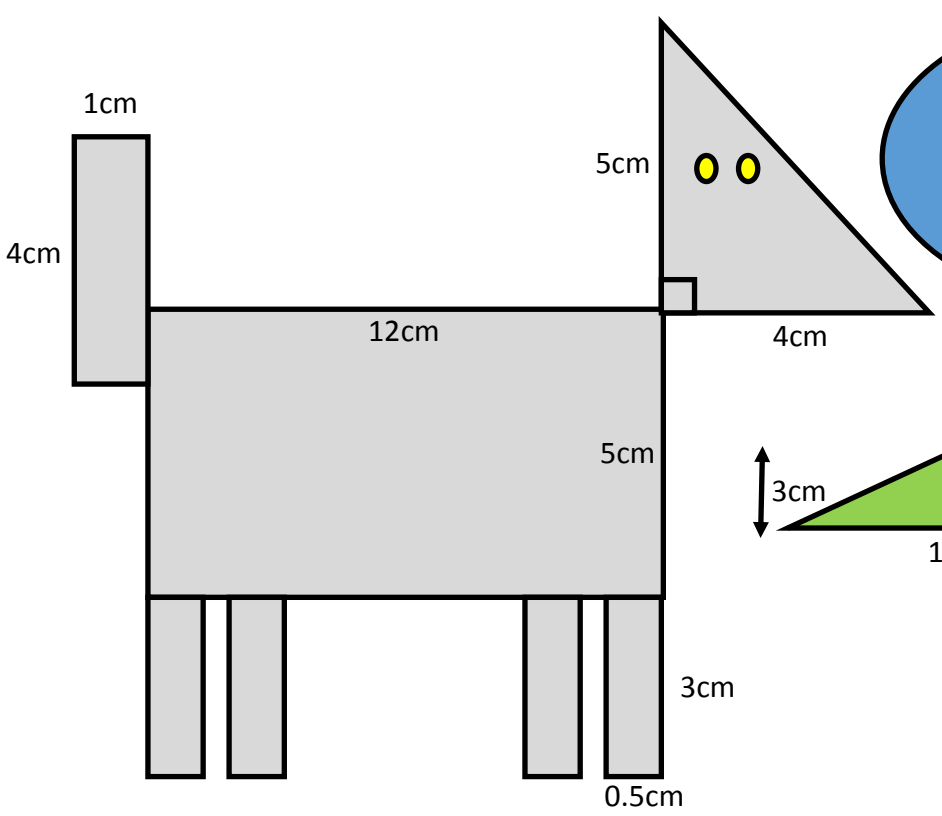
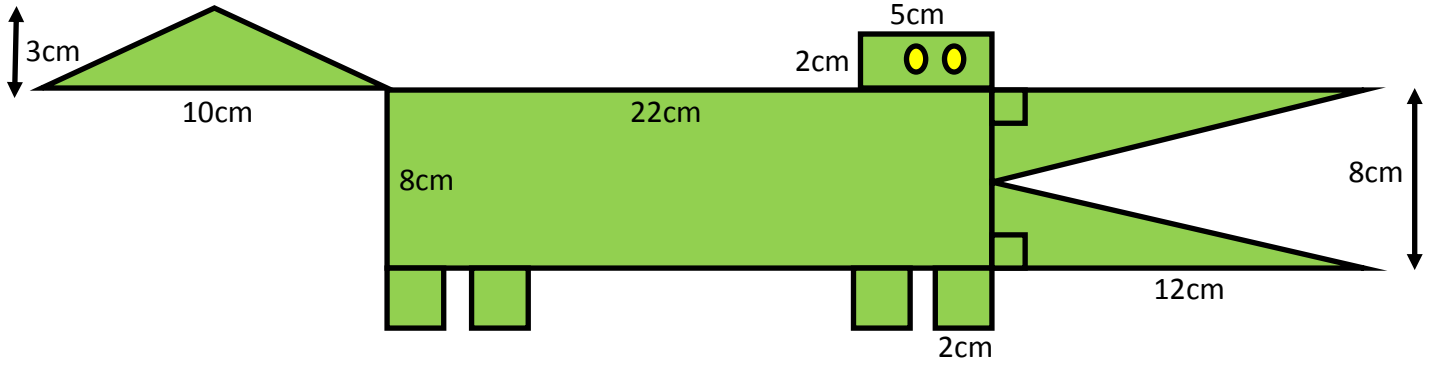
What: To work out areas of shapes made from rectangles, squares, triangles and parallelograms



Baaaa! I'm not drawn to scale. Please work out my area! I'm made of a right-angled triangle and rectangles!

Work my area out and make it snappy! I'm made of two rectangles, four squares for legs and some triangles! I'm not drawn to scale either! My jaws are identical triangles!



Body part	Area

Squawk! My legs and feet are congruent (identical!) and I'm made from rectangles, a right-angled triangle and a parallel-ogram! Work out my area!

Work out my area if you can! I'm made of parallelograms, a rectangle and two congruent (identical) triangles.....ssssss!
